

Swedish delegation to

Cybersecurity Week

Team Sweden invites you to Cybersecurity Week in the Netherlands!

Each year the global cybersecurity ecosystem converges in The Hague for Cybersecurity Week. Between 30 September-04 October 2024, a flurry of activities are arranged in the "City of Peace and Justice" including:

- **International business kick-off event:** special welcome to international delegations to meet with international peers, potential business partners, and learn how to do business with the Netherlands
- **ONE Conference:** exclusive access to Europe's prime invite-only cybersecurity event, attracting 2000+ visitors and features renowned experts from business, science and government
- **ECSO Cyber Investor Days:** a special day where the most promising startups and scaleups have a unique opportunity to pitch their cybersecurity solutions and meet with leading European investors

Opportunity exists to arrange a session during ONE conference, side events at the Swedish Embassy, dedicated client meetings, and more!
